This is the story of the Donner party like you have never heard it before. Beautiful, lyrical, yet haunting poetry tells the tale of survival from 1846 of a group of emigrants faced with a choice none of them want over the course of a freezing winter stranded in the mountains. Narrated in multiple voices, including world-weary, taunting, and all-knowing Hunger itself, this novel-in-verse examines a notorious chapter in American history. This haunting and unforgettable epic raises stirring questions about hope, resilience, and hunger of all kinds.
