Daunis Fontaine has never quite fit in, either in her hometown or on the Ojibwe reservation. She dreams of college, but when tragedy strikes, she puts her future on hold to care for her mother. The only bright spot is meeting Jamie, a new recruit on her brother's hockey team. When Daunis witnesses a shocking murder, she reluctantly agrees to go undercover, drawing on her knowledge of chemistry and traditional medicine to track down the source of a new drug. How far will she go to protect her community, if it threatens to tear apart the only world she's ever known?
