Genre – Realistic Romance

346 pages

*When a famous teen gamer and an aspiring teen video game writer meet online, sparks fly. When Aaron Jericho meets Divya Sharma online, he can't believe it. Divya's Glitch stream, where viewers watch her gaming, has over 100,000 subscribers, and sponsors constantly send her products like virtual reality devices and watches to review or wear. Little does Aaron know that the money Divya makes is critical—since her father left her mother, there's hardly enough to pay the rent—or that she is constantly terrorized by trolls. The two strike up an unlikely friendship with romance potential, but threats from a group of trolls threaten Divya's privacy and personal safety.*
